

Dear Kindergarten Parents,

Here are some rhymes and chants that we use in class to help us remember proper number formation. We thought you might like to reinforce them at home as well! Thank you for all of your help and support!

1---One is fun!

2---Around and back on a railroad track!

3---Around a tree and around a tree makes three!

4---Down and over and down some more makes four!

5---Go across, halfway down and around and see what you have found!

6---A curved line and a loop, six rolls a hula hoop!

7---Across the sky and down from heaven makes seven!

8---You make an S but do not wait, go right back up and make an eight!

9---A loop and a line makes nine just fine!

10---One is fun! Around and around and around you go, you have ten fingers don't you know!
